PERFORMANCE WHEELS

# THE COMPANY

**MAK S.p.A. is an alloy wheel producer established in 1991 from the joint venture between two important organizations that had a great experience in their sectors: the first one in the metallurgic field and the second one in the automotive field.**

**Nowadays MAK is a well-known brand, both in the national and international panorama and recognized as a sector leader. MAK organisation is based on “Lean Thinking” philosophy, which focuses on waste reduction, work processes enhancing, efficiency and quality pursuing through the promotion of teamwork.**

**Environmental sustainability will be one of the most important challenges for MAK which is investing in alternative energies, in recovering production wastes and in the optimisation of logistics.**

**MAK is a customer oriented company, its first goal is the customer satisfaction achieved in many different ways:**

- By offering a stylish, innovative and reliable product
- Pre-purchase and post-purchase customer service
- Daily and organized shipments
- Order customisation and planning.

**MAK has a stock of more than 120.000 wheels in its warehouse which allows quick orders and shipments all around the world.**

**Warehouse logistics has been revised in the last few years to track the market demand. This was made possible by standardising the best practices activities and by planning the day by day logistics system to guarantee the right compromise among service, costs and punctuality.**

**MAK's partners benefit of different shipment solutions: daily shipments via express courier, direct containers from the production facility to the client warehouse, or even customised solutions according to the client needs. MAK offers safe and efficient web support which reduces the lead time. From the B2B platform you can consult products that are available and/or on arrival and get infos about a car and the possible wheel combinations.**

# L'AZIENDA

MAK S.p.A. è un'azienda produttrice di ruote in lega nata nel 1991, grazie alla joint venture di due storiche realtà, una attiva nel settore della produzione industriale metallurgica e l'altra con una forte esperienza commerciale nel campo dell'automotive.

MAK rappresenta oggi un marchio affermato nel panorama nazionale e internazionale ed è riconosciuto come uno dei leader del settore. L'organizzazione di MAK si ispira alla filosofia “Lean Thinking”, che privilegia la riduzione degli sprechi, il continuo miglioramento dei processi, il perseguitamento di efficienza e qualità, promuovendo il lavoro in team.

Il tema della sostenibilità ambientale rappresenta una delle sfide future per l'azienda che sta investendo nell'utilizzo di energie alternative, nel recupero degli scarti di produzione e nell'ottimizzazione della logistica. MAK è un'azienda “customer oriented” che si pone come obiettivo la soddisfazione del cliente sotto molti aspetti:

- Offerta di prodotti di design innovativi e affidabili
- Assistenza pre e post acquisto supportata da personale dedicato
- Spedizioni e consegne giornaliere veloci e organizzate
- Possibilità di personalizzazione e pianificazione degli ordini

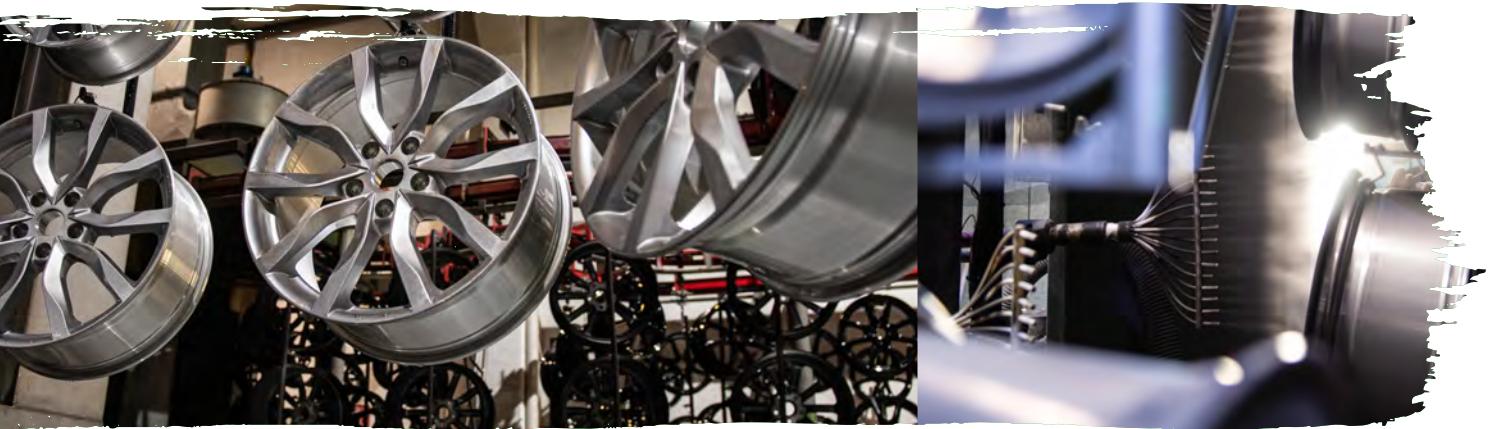

MAK dispone di uno stock a magazzino di oltre 120.000 ruote per far fronte a ordini e consegne veloci in ogni parte del mondo. La logistica di magazzino è stata rivista negli ultimi anni per rispondere alle sempre più elevate esigenze del mercato. Ciò è stato possibile attraverso la standardizzazione delle attività “best practice” e alla pianificazione del sistema logistico “day by day”, che garantiscono il giusto equilibrio tra servizio, costi e puntualità. I partner di MAK possono usufruire di diverse soluzioni di spedizione: giornaliere tramite corriere espresso, container diretti (dal luogo di produzione al magazzino del cliente) oppure personalizzate a seconda delle esigenze. MAK, inoltre, offre un supporto web sicuro e performante che permette di ridurre i tempi di ordinazione.

Dalla piattaforma B2B è possibile consultare i prodotti disponibili in magazzino, quelli in arrivo e ottenere informazioni riguardanti un'auto e le possibili ruote compatibili.

Automated foundry / Fonderia automatizzata

Painting process / Processo di verniciatura

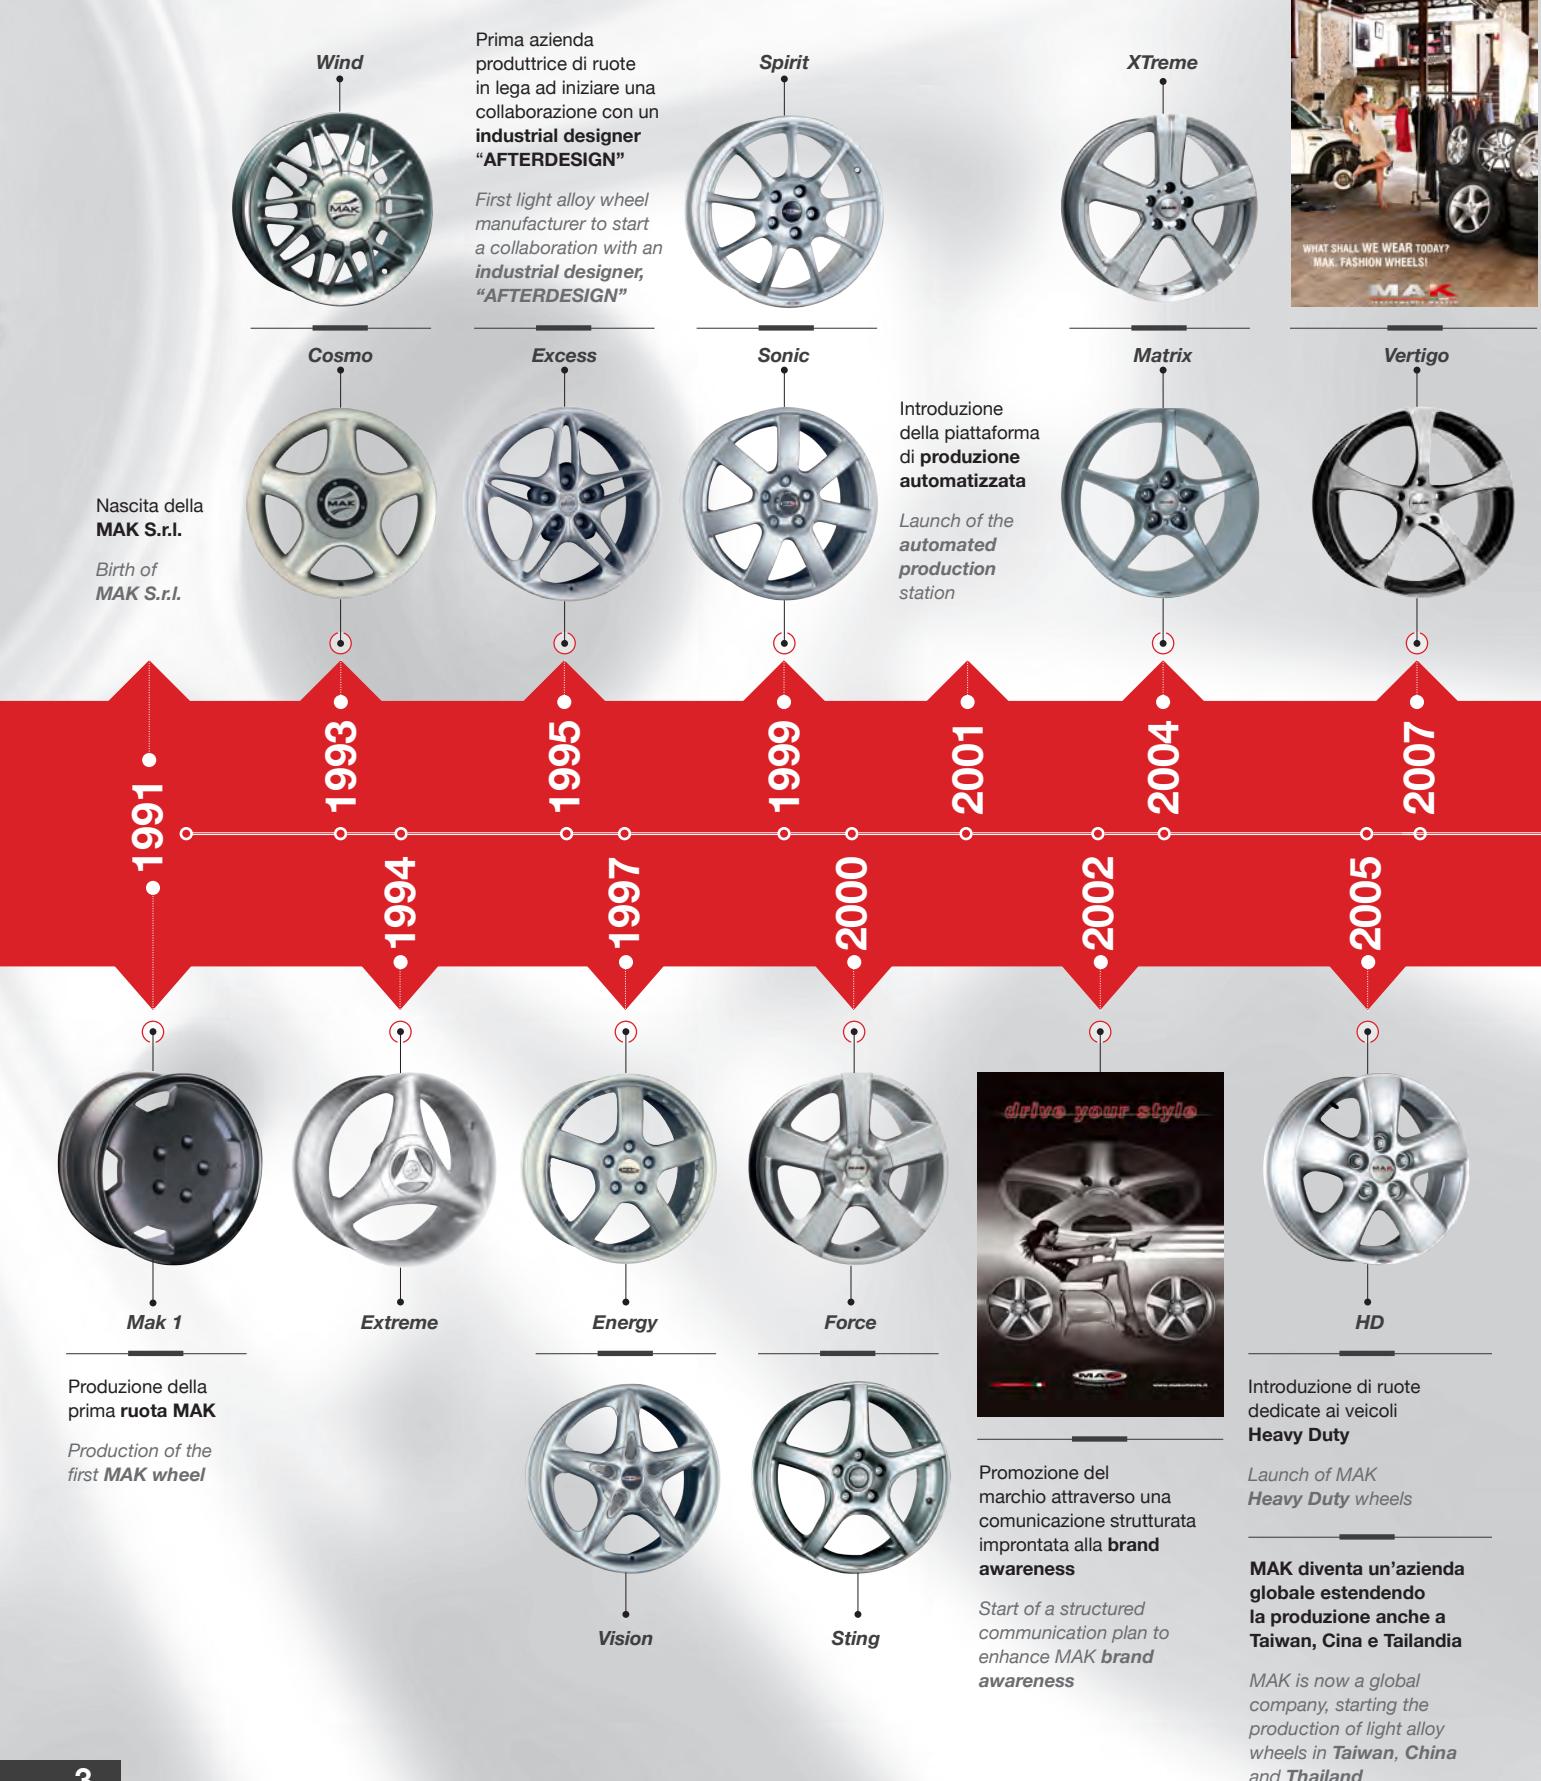

Central warehouse / Magazzino centrale

Assembly of complete kit (tyre + wheels + TPMS) / Assemblaggio kit completo (pneumatico + ruota + TPMS)

# MAK CELEBRATES ITS 30TH ANNIVERSARY

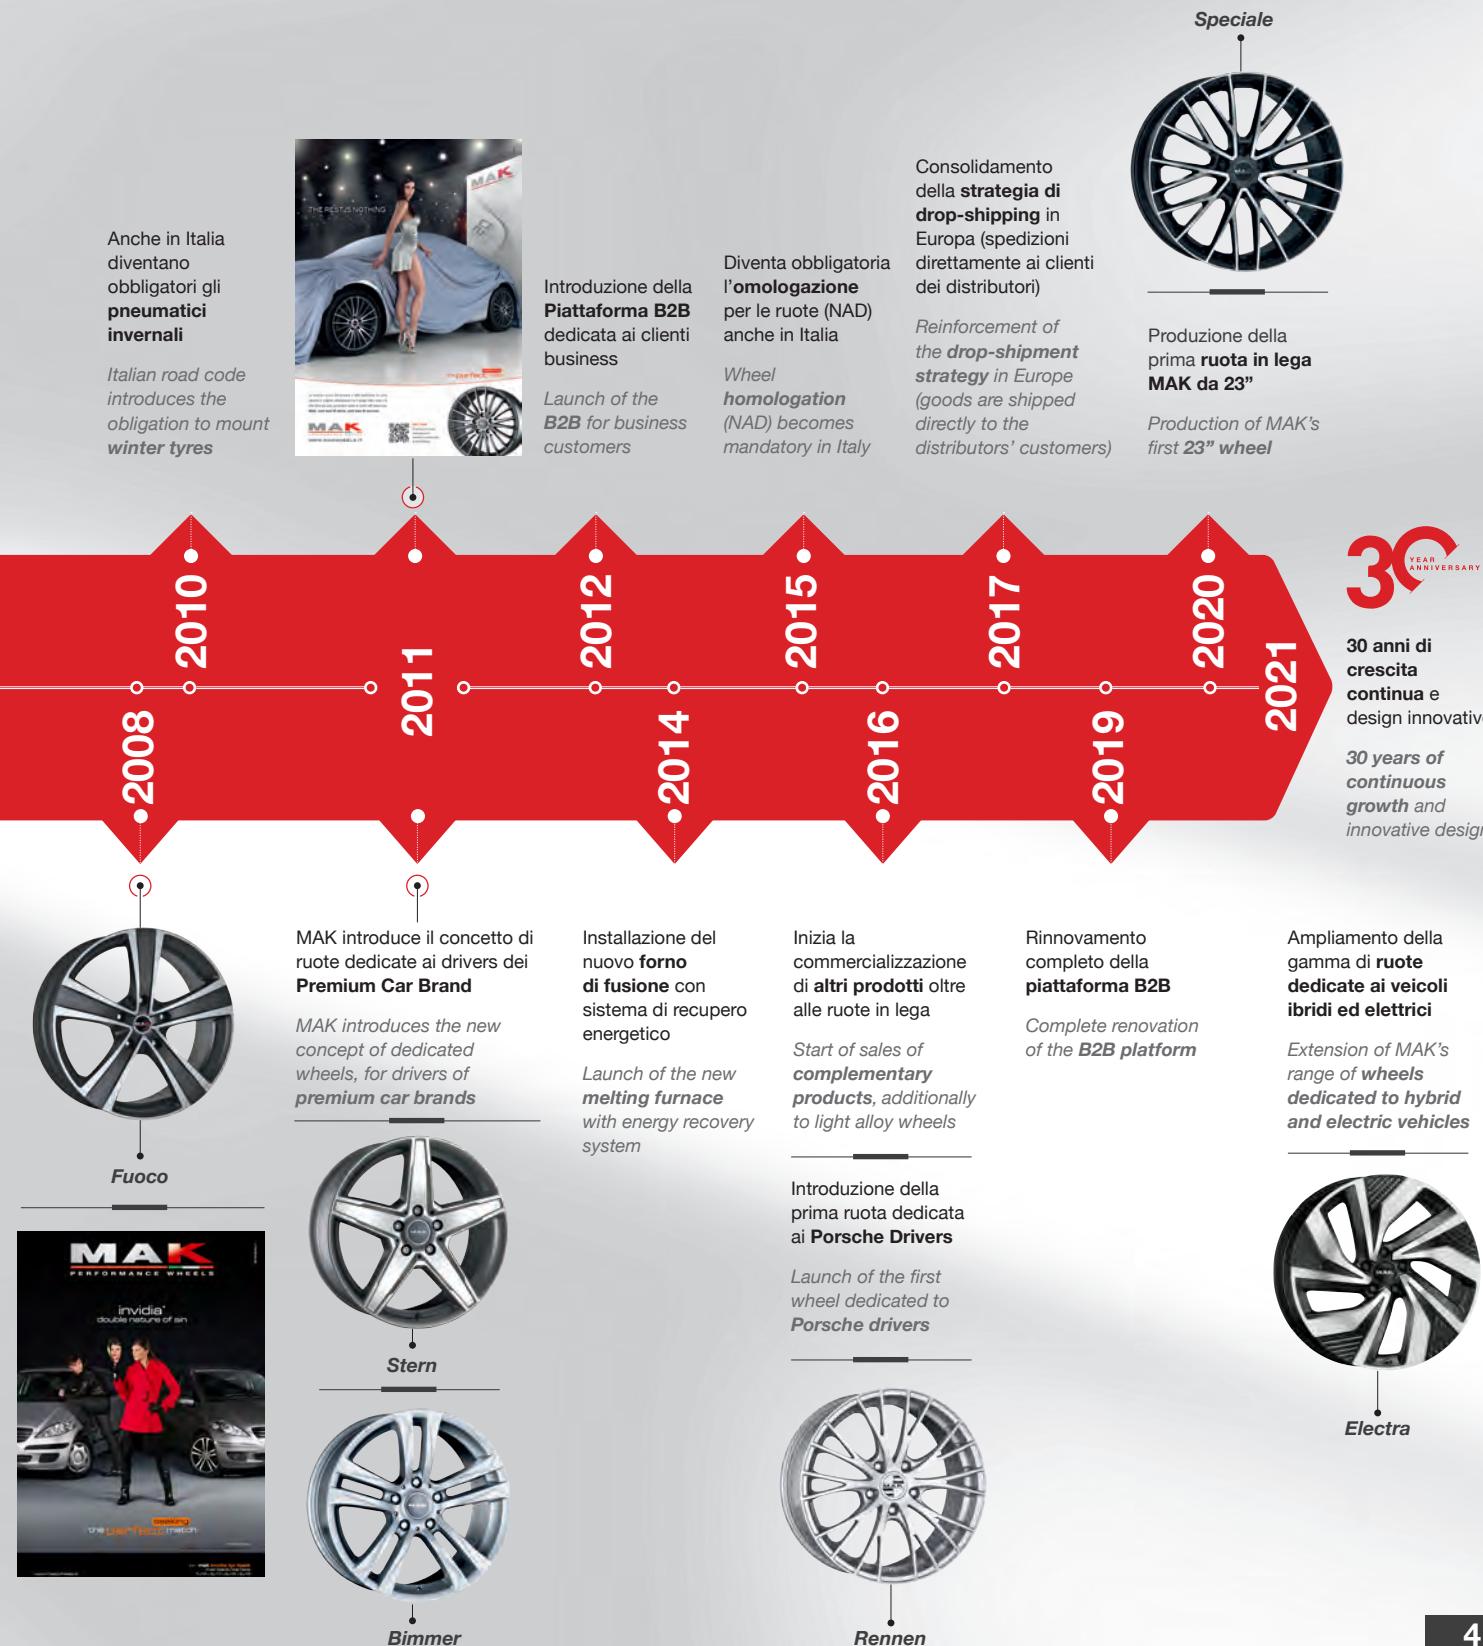

## MAK CELEBRA IL 30° ANNIVERSARIO

30 anni di crescita continua e design innovativo

30 years of continuous growth and innovative design

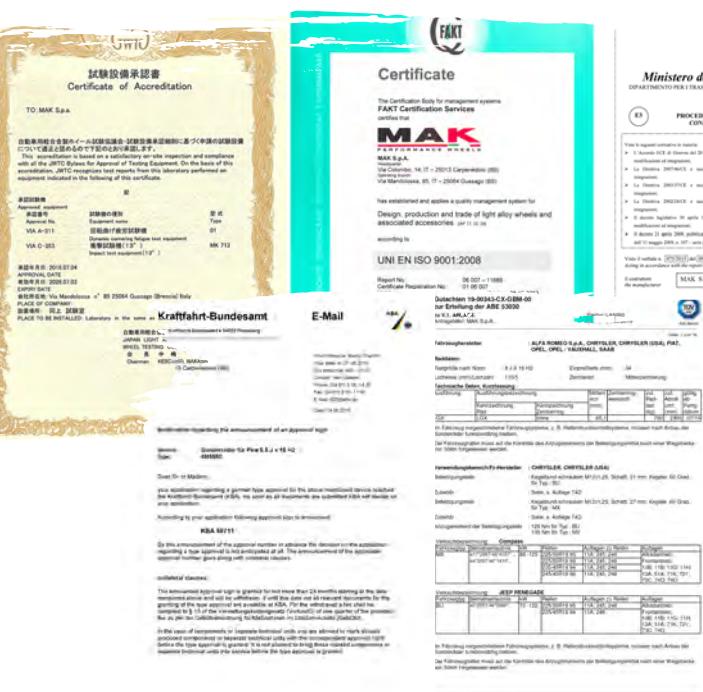

# HOMOLOGATIONS

All MAK wheels are homologated according to each country regulations.

MAK range is always up-to-date thanks to a constant and strong effort during the homologation process, test and quality check.

Along with each wheel MAK provides the required homologation paper, granting the conformity of the wheels mounted on your car. MAK laboratory achieved the VIA certification and accreditation from the Ministry of Infrastructure and Transport to proceed with the required tests for the approval of its products.

Companies are awarded with these certifications only after a careful scrutiny by the competent authorities, who recognized MAK the necessary quality to test their products.

# OMOLOGAZIONI

Tutte le ruote MAK sono omologate secondo le normative vigenti nei vari paesi del mondo.

Un costante e intenso impegno nelle fasi di omologazione, di test e di controllo qualità, permette alla gamma MAK di essere sempre aggiornata.

Ogni ruota è corredata dalla necessaria documentazione che garantisce la regolarità del prodotto montato sulla vostra auto. Il laboratorio MAK ha conseguito la certificazione VIA e l'accreditamento dal Ministero delle Infrastrutture e dei Trasporti per lo svolgimento dei test necessari all'omologazione dei propri prodotti. Queste certificazioni vengono attribuite solo dopo una scrupolosa verifica da parte degli enti competenti, che ne riconoscono la qualità necessaria e idonea a testare i propri prodotti.

# A WORLD AROUND WHEELS

MAK offers a complete and future-oriented service, optimizing the purchasing experience: thanks to the wide range of available products, MAK simplifies and helps the choice of the customer who will find both wheels and all the essential accessories for a perfect care of the car in the catalogue. **The products presented here may not be available for some countries: check the availability on our B2B platform (or with your local distributor).**

MAK offre un servizio completo e progettato al futuro ottimizzando l'esperienza d'acquisto: grazie all'ampia gamma di prodotti disponibili, MAK semplifica e aiuta la scelta del cliente che troverà nel catalogo, sia le ruote, che tutti gli indispensabili accessori per una perfetta cura della propria auto. **I prodotti qui presentati possono non essere disponibili per alcuni paesi: verifica la disponibilità sulla nostra piattaforma B2B o con il referente di zona.**

## Complete kit/Kit completi

On MAK B2B platform you can order complete kit (tyre+wheel). You can choose among over 64 brands, both premium and budget, for a total of 18.000 different tyres. Thanks to this wide range of tires (winter and summer) you will be able to create more than 4.000 combinations with alloy or steel wheels. Before the delivery, complete kits will be assembled, balanced and, when necessary, provided with fitting kit and TPMS (already programmed for the car).

Sulla piattaforma B2B MAK puoi ordinare kit completi con ruote e pneumatici. Potrai scegliere tra oltre 64 marchi, sia premium che budget, per un totale di 18.000 articoli diversi di pneumatici. Con una vasta gamma di pneumatici (invernali ed estivi) avrai la possibilità di creare più di 4000 combinazioni con ruote in lega o acciaio. I kit completi saranno consegnati già montati, bilanciati, con bulloneria per il montaggio e, dove necessario, con TPMS già programmati per la vettura.

## Snow chains / Catene da neve

Made in Italy snow chains for all tyre sizes, excellent workmanship and quick to fit  
Catene da neve made in Italy per tutte le misure di pneumatico, di ottima fattura e veloci da montare

Snow Chains for cars  
Catene per Autovetture

Snow chains for SUV and commercial vehicles  
Catene per SUV e veicoli commerciali

## HOLO / HOLO

HOLO is the holographic complement to the road triangle, which is useful to instantly report the presence of the vehicle without leaving it before installing the triangle.

HOLO è il complemento olografico al triangolo stradale, utile a segnalare istantaneamente e senza scendere dal veicolo, la sua presenza prima di installare il triangolo.

## Truck wheels / Ruote autocarro

The best products on the market even for heavy vehicles  
I migliori prodotti sul mercato anche per i mezzi pesanti

## Steel wheels / Ruote in acciaio

Top quality steel wheels for the composition of winter kits or compatible as spare wheels

Ruote in acciaio di massima qualità per la composizione di kit invernali o per ricambi compatibili

## OE Fitting kit / Bulloneria originale

All the best products for your wheels, including anti-theft screw/nuts  
I migliori prodotti per le tue ruote, inclusi viti/dadi antifurto

## Repair kit / Kit di riparazione

Fix&Go is a mixture capable of preventing and repairing flat tires  
Fix&Go è una miscela in grado di prevenire e riparare eventuali pneumatici sgonfi

for motorcycles  
per moto

for cars
